

THE BOND VOTE NEXT TUESDAY

People Will Decide on Bonding
Issue Amounting to \$50,000.

EVERY VOTER IS FAVORABLE

As far as Can be Ascertained the Issue
Will be Carried Unanimously—The
Funds to be Used for Purpose of S-
curing Educational Facilities.

Next Tuesday will be an important
day in the history of Gainesville, for
upon that day, with the ballot, the
destiny of the city from an education-
al standpoint will be decided by the
people.

On July 3d of the present year the
City Council, ever awake to the inter-
ests of Gainesville, commercially, edu-
cationally or otherwise, passed unani-
mously an ordinance providing for the
calling of a special election on Tues-
day, August 8, to determine whether
or not the city should issue bonds in
the sum of \$50,000 for the purpose of
securing additional advantages and fa-
cilities in or adjacent to Gainesville.
This ordinance was authorized by spe-
cial act of the Legislature at its last
session.

The people of Gainesville, as has al-
ready been demonstrated on divers oc-
casions, and never more forcibly than
in the fight for the State University,
are as a unit on educational progress,
and it is safe to assert that the bond
issue will be carried by an overwhelm-
ing majority. In fact, it is not be-
lieved that a score of voters can be
found who will oppose the move by the
ballots, and it is doubtful whether
there will be a dissenting vote.

The election will be held in the mu-
nicipal building, and the inspectors
will be W. L. Hill, W. S. McDowell,
D. A. Robertson, and F. X. Miller,
clerk. The polls will open at 8 o'clock
and close at sundown.

A great deal of interest is being
manifested in educational matters
now, and it is believed the people will
show their enterprise by polling a
unanimous vote.

IMPORTANT NOTICE

To All Teachers and Applicants for
Schools in Alachua County.

Editor Sun: The law provides for
two examinations in each county per
annum, the object being to grant cer-
tificates to all who secure the legal per-
cent. These examinations cost a con-
siderable amount and should be pat-
ronized by all who wish to teach in
their home county. In fact, there was
an order passed by the Board of Public
Instruction several years ago requiring
this. It has been a dead letter, but it
is my duty and pleasure as superin-
tendent to see that all orders are ef-
fective.

I regret that so many who wish to
teach have gone from their home coun-
ty to secure certificates. I had ex-
pected to enforce the order of the
school board, but have decided that it
is barely possible that I would do
some an injustice, and have decided,
therefore, that notice has not been
given, not to require those who have
gone from home for their certificates
to stand an examination before allow-
ing them to teach.

From this date any citizen who goes
out of this county and secures a cer-
tificate other than a State certificate
shall not be permitted to teach until
they are examined in Alachua county.
There is no better county than Ala-
chua and all who expect to teach must
be loyal to her, and it will hereafter
require this much to get my endorse-
ment.
J. L. KELLEY.

YELLOW FEVER.

General New Cases at New Orleans.
News From Montgomery.

New Orleans, Aug. 4.—The fever does
not abate any. Up to noon there was
only one death, but 17 new cases were
reported. There is much hope of gain-
ing control of the infection in a few days.

There is a desire among many who
have been thrown out of work to try and
get their graft for government support.

Montgomery, Ala., Aug. 3.—Gov-
ernor Jelks is at the capital and says
he will watch the interests of every
citizen at the state, however small.

Montgomery, Ala., Aug. 4.—A suspicious
case here has caused much alarm
and a strict quarantine has been
enforced.

Montgomery, Ala., Aug. 4.—A strict
quarantine has been established here
and all Southern

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only
urinary and bladder troubles were to be
traced to the kidneys, but now modern
science proves that nearly all diseases
have their beginning in the disorder of
these most important organs.

The kidneys filter
and purify the blood—
that is their work.

Therefore, when your kidneys are weak
or out of order, you can understand how
quickly your entire body is affected and
how every organ seems to fail to do its
duty.

If you are sick or "feel badly," begin
taking the great kidney remedy, Dr.
Kilmer's Swamp-Root, because as soon
as your kidneys are well they will help
all the other organs to health. A trial
will convince anyone.

If you are sick you can make no mis-
take by first doctoring your kidneys.
The mild and the extraordinary effect of
Dr. Kilmer's Swamp-Root, the great
kidney remedy, is soon realized. It
stands the highest for its wonderful cures
of the most distressing cases, and is sold
on its merits by all
druggists in fifty-cent
and one-dollar size
bottles. You may
have a sample bottle
Home of Swamp-Root,
by mail free, also a pamphlet telling you
how to find out if you have kidney or
bladder trouble. Mention this paper
when writing to Dr. Kilmer & Co., Bingham-
ton, N. Y. Don't make any mistake,
but remember the name, Swamp-Root,
Dr. Kilmer's Swamp-Root, and the ad-
dress, Binghamton, N. Y., on every bottle.

THE NEWS FROM ALACHUA.

Transfer of City Lots—Cotton Held
Back by Rain—Other Notes.

Alachua, Aug. 4.—C. W. Stephens,
Saturday, purchased from J. C. Shef-
field the vacant lot in front of O. M.
Futch's. This is one of the best lots
in the city. Mr. Stephens will at once
begin the erection of two handsome
residences.

The many friends of Miss Maria
Turner regret to know that she is con-
fined to her bed with fever.

Edgell Guinn and Bennie Wether-
ington were before Mayor Pearce this
week charged with fighting. Weth-
erington was turned loose, but Guinn
pleaded guilty and was fined \$1 and
costs.

Miss Maud Inman of Plant City is
the guest of friends here.

R. E. Dell spent several days here
this week.

The wires are being stretched for the
telephone system. This will be one of
our needed improvements and our peo-
ple are glad to see the system put in.

C. A. Williams is offering five cents
per pound for seed cotton. This price
is good to and including August 9th.

Crop reports are very favorable. A
good deal of cotton is opening, and
were it not for the continued rains it
would only be a short time until same
would be on the market. It is under-
stood that C. A. Williams and the
Williams Company will be heavy buy-
ers of the fleecy staple this season, and
it is safe to say that Alachua will hold
her own for good prices for cotton.

M. A. Denler of High Springs vis-
ited the city Wednesday.

Mr. and Mrs. B. W. Cato are being
congratulated over the arrival of a fine
boy, which has been with them since
Tuesday.

Mr. Joiner of LaCrosse has accepted
a position at Bishop's drug store.

Mrs. W. H. Seal-y and daughter,
Doris, have returned after a visit to
relatives at Barney, Ga.

W. H. Berry is suffering from a bone
felon on his finger.

W. H. Traxler was in the city Mon-
day on his return from Gainesville.

Dr. Jim Bishop of Newberry was in
the city Thursday.

Pat Hubbard visited High Springs
Thursday.

Public is Aroused

The public is aroused to a knowledge
of the curative merits of that great
medicinal tonic, Electric Bitters, for
sick stomach, liver and kidneys. Mary
H. Walters of 546 St. Clair Ave., Col-
umbus, O., writes: "For several
months I was given up to die. I had
fever and ague, my nerves were wreck-
ed; I could not sleep, and my stomach
was so weak, from useless doctors'
drugs, that I could not eat. Soon after
beginning to take Electric Bitters, I
obtained relief, and in a short time I
was entirely cured." Guaranteed at
all drug stores; price 50c.

MISS CAMP FETED.

Prominent Florida Young Lady Enter-
tained in Atlanta.

Owing to the popularity of the young
lady, who was formerly a frequent vis-
itor and has many friends here, the
following from a recent number of The
Atlanta Journal will be read with in-
terest:

"Miss Sallie Camp of Ocala, Fla.,
who is with the Misses Scott, is an es-
pecially popular visitor. A beautiful
reception was giving in her honor one
evening this week at the hospitable
Scott home, only the unmarried set
being present. Parlor, library, hall
and dining-room were opened and
beautifully decorated. Dancing and
cards were the amusements of the
evening, and all manner of refresh-
ments and cooling things were served.

"Miss Mary Jones and Miss Mar-
garet Coggins entertained charmingly
in Miss Camp's honor. The broad
porches and lawn of the Coggins' home
were swung with Chinese lanterns, and
palms, ferns, rugs and easy chairs
made an attractive picture. Indoors,
brilliant lights and a wealth of cut
flowers made the scene equally in-
viting. Progressive anagrams was the
game of the evening, and was much
enjoyed by those present. A number
tied for the first prize, which was final-
ly given to the guest of honor. Mr.
Yates of Atlanta won the 'booby.' After
the contest delicious punch,
cakes and cream were served."

"A small party, consisting of Miss
Camp, the Misses Scott, Miss Mary
Jones, Colonel Luke Tate, Mr. Albert
Jones, Mr. James Brown and Dr. John
Turk, spent an evening delightfully at
the Fields farm near town this week.

Fiendish Suffering

Is often caused by sores, ulcers and
cancers, that eat away your skin. Wm.
Bedell of Flat Rock, Mich., says: "I
have used Bucklen's Arnica Salve for
ulcers, sores and cancers. It is the
best healing dressing I ever found." Soothe
and heal cuts, burns and
scalds. 25c at all drug stores; guaran-
teed.

Origin of Graft.

Municipal corruption of various kinds
is generally indicated by the word
"graft." The origin of this term is ob-
scure, but it is believed to have arisen
from dishonesty in lowlier spheres.
Bartlett's Dictionary of Americanisms
defines "grafting" as pocket picking,
and Hotten's Slang Dictionary sug-
gests that the slang use of "graft"
might be a corruption of "craft" or a
generalization from the special work of
gardening.

Moisture and Temperature.

A cubic foot of air at the tempera-
ture of zero (Fahrenheit) can contain
only .5 of a grain of water vapor; at
32 degrees it can hold 2.13 grains; at
65 it can contain 6.8 grains, and at 98
it can hold 18.96 grains of moisture in
suspension. These figures go to show
that summer air can hold at least nine
times the quantity of dampness that air
can when reduced to the temperature
of freezing.
